

**Table of Contents, Volume Fifty-Four
April-June 1995**

A Preliminary Discomycete Flora of Macaronesia: Part 9, Vibrisseaceae.	
Teresita Iturriaga	1
<i>Agaricostilbum nova-zelandica</i> , a new auricularioid fungus on <i>Rhopalostylis sapida</i> from New Zealand	19
Notes on Hyphomycetes. LXIV. New species of <i>Mycovellosiella</i> , <i>Phaeoisariopsis</i> , <i>Sirosporium</i> and <i>Stenella</i> from India.	
M. K. Khan, Kamal and Gareth Morgan-Jones	27
Notes on Hyphomycetes. LXV. New species of <i>Mycocentrospora</i> from India, with a review of and comments on the genus	37
A. K. Srivastava, Gareth Morgan-Jones, Ryan A. Phelps	37
Notes on Hyphomycetes. LXVI. Two new <i>Ramularia</i> species from India.	
N. Srivastava, Kamal and Gareth Morgan-Jones	49
Notes on Hyphomycetes. LXVII. Three new species of <i>Phaeoramularia</i> from Nepal.	
Sanjay K. Singh, Ritesh K. Chaudhary and Gareth Morgan-Jones	57
Notes on Hyphomycetes. LXVIII. Concerning <i>Mycocentrospora veratri</i> , the causal organism of Necrotic Leaf-spot of <i>Veratrum</i> species (Liliaceae).	
Gareth Morgan-Jones and Ryan A. Phelps	67
New dictyosporous species from leaves of Agavaceae.	
Annette W. Ramaley and Margaret E. Barr	75
Reexamination of species of <i>Leptosphaeria</i> on Asteraceous hosts.	
Aruna Khashnobish, Carol A. Shearer and J. Leland Crane	91
A new <i>Coniochaeta</i> from fresh water.	107
Some new taxa and new records of the genera <i>Pleospora</i> and <i>Teichospora</i> from Xinjiang, China.	111
Zi-Qing Yuan and Margaret E. Barr	111
Further investigations on <i>Gymnopilus</i> (Agaricales, Cortinariaceae). A new section and a new species from Mexico.	117
Laura Guzmán-Dávalos	117
<i>Steccherinum straminellum</i> comb. nov.	125
Irenela Melo	125
Western American Pezizales. <i>Strobiloscypha keliae</i> gen. and sp. nov. (Pezizales, Sarcosmataceae) from Oregon.	
Nancy S. Weber and William C. Denison	129
The lichen genus <i>Neoheppia</i>	137
Burkhard Büdel	137
Nomenclatural notes on Australian Macrofungi.	
Tom W. May and Alec E. Wood	147
<i>Septoria aristoteliicola</i> spec. nov.	151
U. Braun and M. Havrylenko	151
<i>Feigeana socotrana</i> , a new genus and species from Socotra, Yemen (Roccellaceae; Euascomycetidae).	
Bruno Mies, H. Thorsten Lumbsch and Anders Tehler	155
A study of the genus <i>Phanerochaete</i> (Aphyllphorales) with brown subicular hyphae.	
Sheng-Hua Wu	163
Lectotypification of <i>Wettsteinina niesslii</i> (Dothideales S.L., Ascomycetes).	
Christian Scheuer	173
<i>Tulostoma opacum</i> Long in Northern Africa.	
G. Moreno, A. Altés and A. Hausknecht	179
Two new genera and some new combinations of corticioid fungi (Basidiomycotina, Aphyllphorales) from tropical and subtropical areas	183
Kurt Hjortstam	183
<i>Amanita longitibiale</i> —A new species of <i>Amanita</i> section <i>Phalloideae</i> from Central Mexico and Southeastern U. S. A	195
Rodham E. Tulloss, Evangelina Pérez-Silva and Teófilo Herrera	195
Contributions on the morphology and taxonomy of some rumen fungi from Canada	
D. J. S. Barr, L. J. Hanke, H. D. Bae, T. A. McAllister and K.-J. Cheng	203
Taxonomical studies on Ustilaginales. XII.	215
Kálmán Vánky	215
Changes in lyophilized cultures of <i>Aspergilli</i> and <i>Penicillia</i>	239
Jyoti Saxena	239

Checklist of the genus <i>Inocybe</i> in Andalusia (Peninsular Spain).	
F. Esteve-Raventós and A. Ortega	245
<i>Diabolidium</i> , a new genus of rust fungi (Uredinales).	Reinhard Berndt 263
<i>Cannabis</i> pathogens XII: Lumper's Row	J. M. McPartland 273
Studies on keratinophilic fungi. VI. A new <i>Arthrospis</i> (Fungi Imperfect)	
from Marine Sediments	K. Ulfig, J. Gené and J. Guarro 281
<i>Leptodontidium orchidicola</i> (<i>Mycelium Radicis Atrovirens</i> Complex): Aspects of its conidiogenesis and ecology	A. A. Fernando and R. S. Currah 287
<i>Phanerochaete andreae</i> sp. nov. (Aphyllphorales, Basidiomycotina), from the Canary Islands.	Harold H. Burdsall, Jr., E. Beltran-Tejera and J. L. Rodriguez-Armas 295
<i>Gautiera sinensis</i> sp. nov. (Gasteromycetes) from China	Jian-Zhe Ying 299
New and noteworthy agarics from China. I. New species of <i>Chamaeota</i> .	Jian-Zhe Ying 303
New and noteworthy agarics from China. II. New species of <i>Entoloma</i> .	Jian-Zhe Ying 309
Taxonomy of some Argentine species of <i>Saccobolus</i> .	
María E. Ranalli and Oscar A. Mecuri	323
<i>Gnomonia geranii-macrorrhizi</i> sp. nov. from Bulgaria	Violeta I. Fakirova 329
<i>Phlebia</i> species from Eastern and Southeastern United States.	
Karen K. Nakasone and Harold H. Burdsall, Jr.	335
The genus <i>Phellinus</i> (Hymenochaetaceae) on the Island of Santa Catarina, Brazil.	
Clarice Loguercio-Leite and Jorge E. Wright	361
Validation of the puffball genus <i>Calbovista</i> .	Michelle T. Seidl 389
The Psilopezoid Fungi. IX. <i>Pachyella habrospora</i> , a new species from Brazil.	
Donald H. Pfister	393
<i>Niebla tuberculata</i> (Ramalinaeae): A new lichen from California.	
Richard E. Riefner Jr., Peter A. Bowler, Janet Marsh and Thomas H. Nash III	397
Notes on conidial fungi. II. A new species of <i>Endophragmiella</i> .	
R. F. Castañeda Ruiz, J. Guarro and J. Cano	403
A new species of the genus <i>Gastroboletus</i> from New Caledonia	Mu Zang 407
Authors, reviewers, and editors of articles proposing new names: A few guidelines.	
Richard P. Korf	413
A new species and a new variety of the lichen genus <i>Gyalidea</i> from Western Europe.	
P. P. G. van den Boom and A. Vezda	421
New polypores from the <i>Nothofagus</i> forests of Argentina	Mario Rajchenberg 427
Ascospore germination and appressorium formation by <i>Cyclaneusma minus</i> .	
Donna Choi and J. A. Simpson	455
A new species of <i>Rhytidenglerula</i> from Everglades National Park, Florida.	
L. A. Castlebury, J. L. Crane and S. M. Huhndorf	461
A variety of unusual strains of <i>Microsporium gypseum</i> in Agra soils (India).	
B. Sundara Singh, Derick Vijai Singh, B. Geetha Singh and R. J. Sinha	465
Taxonomy and nomenclature of <i>Bisporella claroflava</i> (Leotiaceae).	
Pavel Lizon and Richard P. Korf	471
Book Reviews	D. S. Hibbett 479
NOTICE: Change of Mycotaxon Book Review Editor	485
NOTICE: Sale of Fungal Morphology and Ecology	486
NOTICE: British Mycological Society Centenary 1896-1996.	487
Errata	488
Author Index	491
Index to Fungous and Lichen Taxa	494
